

# Discover the convenience of OptumRx Mail Service Saver

Mail Service Saver is a program that helps you better manage the medication you take on an ongoing basis. You can save both time and money by filling your prescriptions for maintenance medication through OptumRx<sup>®</sup> home delivery. Not only is home delivery safe and reliable, it also offers the following advantages:

### **Cost savings**

You may pay less for your medication with a three-month supply through OptumRx.

### **Convenience**

Get free standard shipping on medications delivered to your mailbox.

### **24/7 access and reminders**

Speak to a licensed pharmacist who can answer your questions any time, any day. You can even set up text reminders to help you remember to take or refill your medications.\*

## **How Mail Service Saver works**

If you currently take maintenance medication on a regular basis, your pharmacy benefit plan strongly encourages you to use home delivery.

Your health plan covers only a limited number of maintenance medication refills from a retail pharmacy. After the allowed fills, you must move to home delivery through OptumRx, or you will pay a higher price at your retail pharmacy.

Whether you have a new prescription or need to transfer an existing prescription, it's easy to get started with OptumRx home delivery.

## Here's how:

### ePrescribe

Your doctor can send an electronic prescription to OptumRx.

### Online

Register at **optumrx.com**.

### Phone

Just call the member phone number on your plan ID card to talk with a customer service representative right now. It's helpful to have your plan ID card and medication bottle available. The representative can also contact your doctor directly if you need a new prescription.
